Passionate UI/UX and Graphic Designer focused on creating clean, intuitive, and user-friendly digital experiences. Skilled in understanding user needs, translating ideas into structured designs, and building interactive prototypes. Also experienced in AI-assisted frontend development using prompt-based workflows, enabling practical and implementation-ready designs.

SKILLS

UI/UX DESIGN

- User Research
- User Flows & Journey Mapping
- Wireframing & Prototyping
- User Interface Design
- User Experience Design
- Usability Principles
- Responsive Design

GRAPHIC DESIGN

- Layout & Typography
- Colour Theory & Visual Hierarchy
- Logo, Poster & Brochure Design
- Packaging & ID Card Design
- Vector Illustration & Photo Editing
- Social Media Creatives

FRONTEND / TECHNICAL

- HTML, CSS, JavaScript (Basic)
- Prompt-based Frontend Development
- Vibe Coding (AI-assisted development)
- Git & GitHub (Version Control)
- VS Code (Development Environment)

TOOLS

- Figma, Figma Make
- Canva
- Adobe Illustrator, Photoshop
- Visual Studio Code
- Adobe InDesign, Dimension
- GitHub

EXPERIENCE

UI/UX INTERN – AMASQIS (2026 PRESENT)

Designed user-centric UI screens and built wireframes and interactive prototypes using Figma.

Applied AI-driven prompts and vibe coding techniques to assist frontend development in VS Code, with basic GitHub version control.

PROJECT MANAGEMENT & SMM – BRAND VENTURES (JAN 2024 – JAN 2025)

Managed social media accounts and designed creatives using Canva. Improved local visibility through Google My Business and created blog content.

CUSTOMER CARE EXECUTIVE – MANIRAJ COTTON MILLS (FEB 2025 – JUL 2025)

Managed attendance and employee records while handling invoice and payment queries. Tracked expenses and improved communication skills.

EDUCATION

- Master of UI/UX Designing – Pumo Technovation
- M.Sc Computer Science (2024–2026) – Sasurie Institute
- B.Sc Information Technology – 86% (2021–2024) – Sasurie Institute
- HSC – 84% – Jaivabai Girls School, Tirupur

INTEREST

Outside of design, I enjoy portrait art, doodling, nail art, cooking, and tailoring, which help me stay creative and improve my visual sense.
